WHY SB...

Syntech Srl SB, inspired by the principles of Benefit Corporation, was born with the aim of maximizing the positive impact on all the Stakeholders for the creation of wellbeing in the community in which it operates. TO this goal aligns with the fundamental principles of anti-economic sufficiency. A Benefit Corporation (B Corp) is a new type of company that VOLUNTARILY respects the HIGHEST STANDARDS of purpose, responsibility and transparency.

The B Corp are distinguished on the market by all the other realities and they go beyond the prototype's goal and innovate to maximize their positive impact with the employees, the communities in which they operate and the environment. In this way BUSINEES becomes a force regenerating for society and for the planet. It is a rapidly growing community at global levels also in Italy Syntech Srl SB is a company that produces well-being with a high social impact; the idea is to involve the companies with whom we collaborate WITHOUT ANY BURDEN for them, so that they can benefit in terms of
